

Project LAKE MACQUARIE VARIETY PLAYGROUND

Client Lake Macquarie City Council

- Project Description**
- Construct custom designed deck and an assortment of structures including timber pirate boat, and themed painted timber panels and a variety of timber bridges and ramps.
 - Install mixed hard surfaces of concrete, stabilized ryolite paths, paving, flagstone paving and soft-fall materials.
 - Install a range of musical items.
 - Install bins, modified drinking fountains and furniture for disabled access.
 - Install shade structures and play equipment.
 - Install sand pit with rock borders and coordinate the installation of the assorted decorative stone sculptures throughout the park.
 - Install Liberty swing for wheelchair access supplied by Variety, the Children's Charity.

Site Location Speers Point Lake Macquarie NSW

Value \$1 million

Duration 9 months completed May 2008

Referees Stephen Bertram – (02) 4921 0317

Key Personnel Project Manager: Scott Williams
Foreman: Andrew Conn

Significant Achievements Coordinate the large range of subcontractors both through Council and Daracon Group.
Complete works whilst dealing with contaminated site soil.
Complete additional works within timeframe for official opening.
Very high water table created issues for excavation of footings.
